j/h rat	5.6		7.5		4.4								

Numbers attributed to Park and Planning are estimates, since actual numbers are not available.
 Housing unit in TZ 215 do not include Crown Farm.

Other P&PI job and housing numbers are based on several sources: The table of jobs and housing used to model the original High Scenario, communication from staff, and the data shown in slides at the public meetings.

Traffic zone quantities were adjusted to sum to the 60,000 jobs and 8000 units in the staff draft plan

Planning Area:	Housing	Commercial	Total
TOTAL square foot: (million square feet)			
Existing developme	3.98	6.17	10.15
P&P Scenario	9.60	19.94	29.54
Reasonable Scenar	10.29	12.67	22.95
